

SOFTWARE ENGINEERING

Final Project

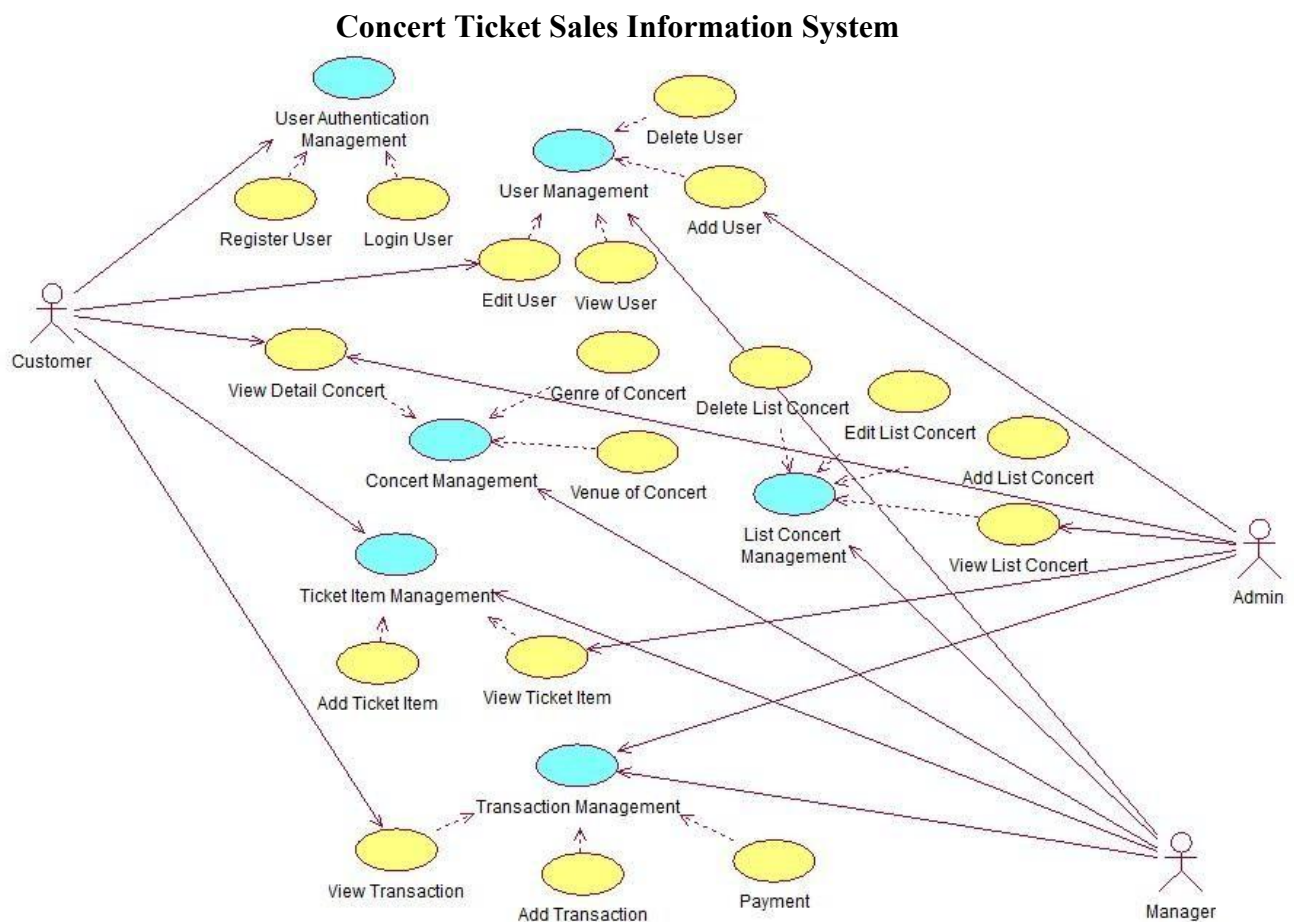

Project Name

Concert Ticket Sales information system.

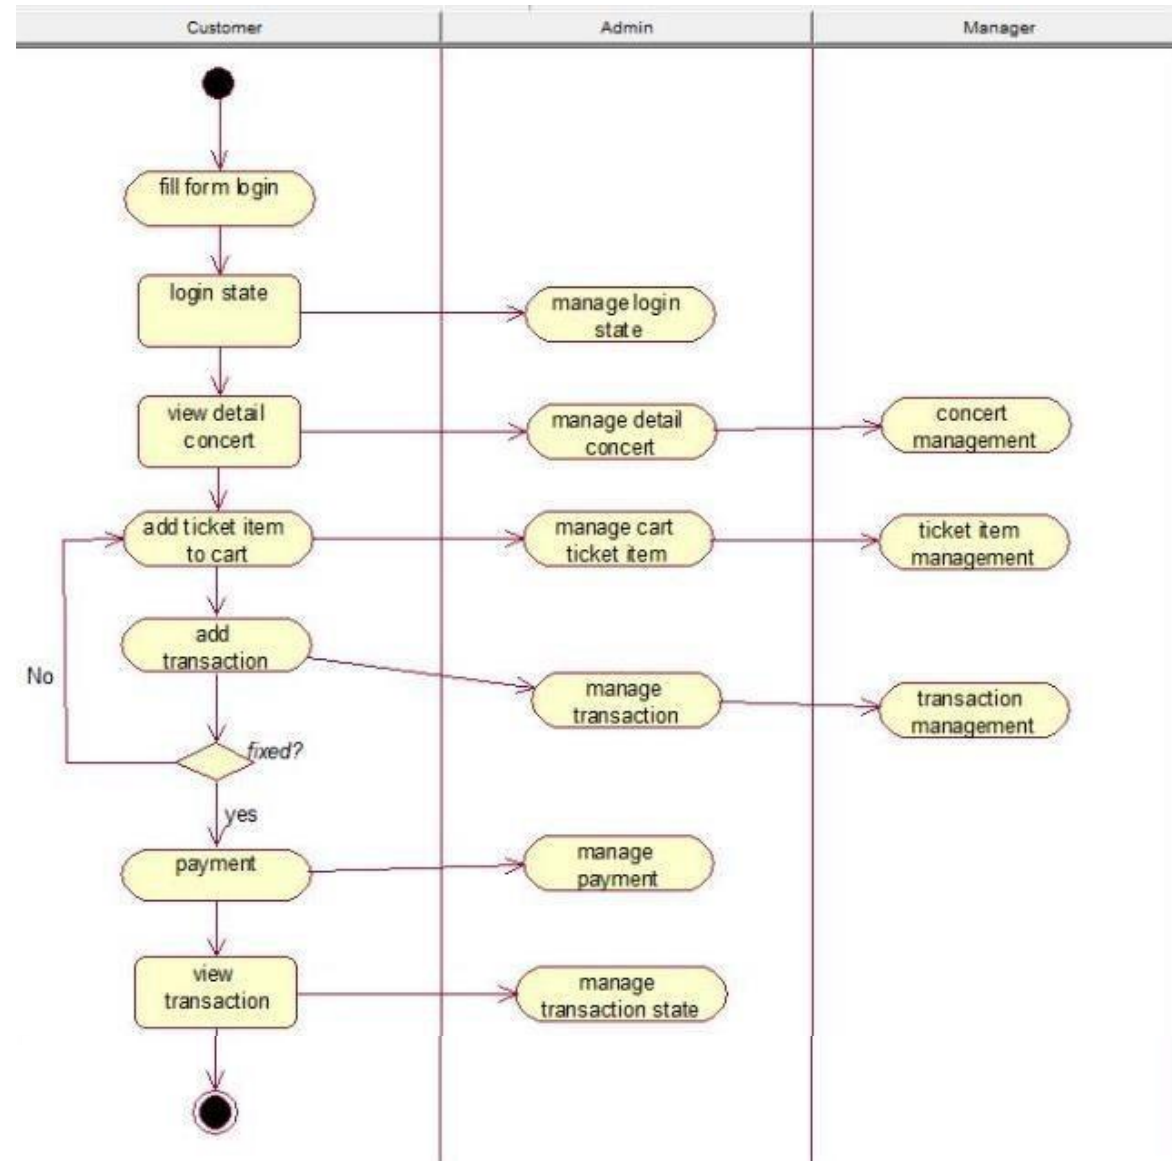

Concept

A Concert Ticket Sales information system is a software application designed to manage the process of selling tickets for concerts or other live events. It typically includes a user interface for customers to browse and purchase tickets. It can also provide valuable data insights to help event organizers make better business decisions. For programming languages used in building this software include: PHP, CSS, JavaScript, and MySQL.

TUNGGU AKU DI JAKARTA

EXPO,
PRJ
EMAYORAN

SATURDAY
28TH JAN
20:00

Sheila on 7

Menembus 27 tahun bermusik dan menghadirkan deretan lagu-lagu yang berhasil dinikmati oleh berbagai generasi, Sheila On 7 dipastikan terus melanjutkan perjalanannya dengan menghasilkan lagu-lagu yang mewakili isi hati para pengitemar. Meski demikian, belum sekalipun Shella On 7 menampilkan sisi otentiknya di atas panggung. Namun hal itu akan segera tercipta. Dikenal sebagai band papan atas di Indonesia, Sheila On 7 ingin kembali mengulang Kisah Klasik bersama Sheila Gank dalam konser tunggal yang akan diselenggarakan dengan tajuk "Tunggu Aku Di yang dimulai dengan Tunggu Aku di Jakarta, sesuai dengan salah satu judul lagu dari Sheila On 7. Konser ini akan.. digelar pada 20 Januari 2023 di Jiexpo, PRJ Kemayoran, Jakarta. Diharapkan gelaran "Tunggu Aku Di" bisa berlanjut ke kota-kota lain.
